**Access to Energy Solutions**

**Access Capital Corp.** offers guidance to companies that are major buyers and sellers of electric power projects. Access Capital optimizes its clients' ability to finance projects by streamlining the development process, minimizing costs and maximizing returns to ensure the achievement of its clients' goals.

The Access Capital team boasts over 50 years of combined experience in corporate and project finance. The Access Capital team has successfully assisted in raising over \$1.6 billion in independent power project and corporate financing, including:

- Raising up to \$750 million in capital and financing for projects with an aggregate electrical generating capacity of over 2,600 MW
- Arranging over \$100 million of subordinated debt transactions
- Facilitating the development of numerous electrical generation technologies and fuels – among them natural gas, biomass, waste coal, wind, hydro-electric, geothermal, energy from waste and photovoltaic technologies
- Acting as principal in three solid fuelled electrical generating facilities with a total generating capacity of 171 MW
- Counseling high-level corporate executives through the financial advisory process

*"The strength of the team is each individual member...the strength of each member is the team."*
